Dual Credit: CVSD offers many dual credit opportunities for motivated secondary school students to complete trades, career and university level courses while attending high school and tuition is free! In partnership with VIU and Camosun College, students can participate in various programs that are transferable to other BC post-secondary institutions. Students receive credits towards their graduation requirements as well as credits upon completion of these programs. To be eligible students must be enrolled in grade 11 or 12 and undertaking a post-secondary option that aligns with their career path.
